## Message from the President

Fellow members of the OTVA,  
Our Treasurer, Robin Tuckfield, is now a real professional in relation to the management of the OTVA finances. Robin is working well with Allan Hennessy, our membership subscriptions officer, to manage the OTVA incomings and outgoings.

Our September Social was held on Sunday 25<sup>th</sup> September at Kissing Point Park at Putney between 10am and 2:00pm. There were with less than 10 attendees which was disappointing especially as some members asked for a gathering on the weekend as they work during the week. Those who turned up enjoyed the conversation and associated nostalgia. This was evident by the fact that most of us were still there after 4 hours. Your Committee will try a weekend social event again in 2017 to see if we get a bigger turn out which will determine whether we will persist with a weekend event.

We do not have a Newsletter Editor and this is evidenced by the lack of newsletters this year and the lack of content in this one. Kevin O'Brien has volunteered to perform the function until a volunteer offers her/his services at which time s/he will need stories that s/he can print. The OTVA Newsletter cannot survive without an editor and without stories. Please consider the enjoyment that you have received from the OTVA Newsletter stories over the years and offer either your stories or your services as editor or both.

Enduring Membership continues to be attractive but as a result it has limited the amount of new revenue into the coffers of the OTVA. Nevertheless the OTVA is financially sound for the foreseeable future.

The OTVA continues to promote itself, its member's achievements and the history of OTC through the <http://www.otva.com> and <http://www.otva.com/blog/> web sites which unfortunately were affected by a platform failure on 1 October 2016.

Thanks to our web master, Chris Bull, who worked tirelessly with the web hosting company, the web site has been reinstated to its former glory. Please take a few minutes to review the content for yourselves.

The library of employment history of ex-OTC personnel continues to grow. If you have not yet provided your employment details please email me at [president@otva.com](mailto:president@otva.com) and I will send you a template for you to complete and return to me for retention in the OTC Staff Library. These documents are being collected to enable members to reflect upon the impact of our members on OTC and the history of communications in Australia.

The DVD containing the OTVA's collection of 293 Transit and 42 Contact magazines circulated by OTC since 1948 has been completed and is available to members upon request. If you are a financial member of the OTVA and have not received your DVD please email me at [president@otva.com](mailto:president@otva.com) and I will email back the details on how to get it.

We are approaching our Christmas social event that will take place on 24 November 2016 at the Bowlers Club in York Street Sydney. I will email our members in the next few weeks to gauge how many members will want to attend this year. Last year there were a few members who advised that they would attend but who, unfortunately, were unable to attend on the day. The Bowlers Club charged the OTVA for their meals at a cost of \$42 per person. Your Committee would like to avoid that situation this year and avoid having Committee members collecting money at the door so if you would like to attend the XMAS function we request that you pay electronically in advance to secure a seat at a table. I wish you and yours well until we meet again.

Warmest regards,  
Peter Bull

## OTVA Christmas Function

- This year the subsidised Cost is \$35pp - Payment in advance to **BSB 802155, ACC# 102081862** would be appreciated.
- RSVP is required.  
**NOTE:** The OTVA is required to pay the Bowlers Club for all booked guests so **if you cannot attend please don't RVSP that you will attend.**
- The members & Committee of the OTVA would like to avoid losing money for this years function. **On previous occasions some members have RSVP'ed and not attended and not paid.** We have to pay the Bowling club for the numbers given a few days before the event regardless of the actual numbers that do attend on the day.
- Peter Bull will email a list of those planning to attend together with an indication as to whether they are financial members of the OTVA. This action is taken in support of our members.
- Membership fees will not be collected on the day and your Committee would appreciate it if membership payments can be made in advance of the date of the function.
